

PRODUCT DATA SHEET

Marine Heavy Duty 10 CF CODE 680

PAGE 1 OF 1

Scot Lubricants Marine Heavy Duty engine oils are a blend of premium quality base stocks and up-to-date additive technology, formulated to provide the highest levels of equipment protection. Specially formulated for “next generation soot control” to provide excellent performance even in the most severe conditions.

APPLICATIONS:

Scot’s Marine Heavy Duty oils are recommended for use in medium speed trunk piston engines including the latest design high output engines that burn residual fuels. Also recommended for aspirated and turbo-charged gasoline and diesel engines. Meets or exceeds the manufacturers’ requirements for most Ford, General Motors, Mack, Caterpillar, Detroit Diesel, and Cummins engines. Meets MIL-L-2104 specifications. Approved by all major engine manufacturers for use in medium speed engines.

TYPICAL TEST DATA:

Follow equipment manufacturer recommendations and conventional guides to determine the best oil for specific applications.
