

**PRODUCT DATA SHEET**

STEAM CYLINDER OIL 460 CODE: 897

Page | 1 OF 1

# STEAM CYLINDER OIL 460

**Product Performance:** A high quality cylinder oil that is manufactured from highly paraffinic base oils for stability at high temperatures. These oils exhibit high viscosity indexes, foam resistance, and rust protection properties.

**Recommended For:** Recommended as steam cylinder lubricants, worm gear lubricants, and for severe gear applications requiring high viscosity oils. *Refer to SDS for more detailed physical data and handling information.*

**Available In:** Bulk, 55-gallon drums, 16-gallon drums, and 5-gallon pails.
