

PRODUCT DATA SHEET

Guard Rail Oil CODE: 986

Page | 1 OF 1

Scot Lubricants LLC (Scot) Guard Rail Oil is a lubricating machine/motor oil that is formulated with select, high quality base oils. It is intended for use in non-critical gasoline engines operating under conditions which do not require a premium high detergent motor oil. Scot Guard Rail Oil oils are recommended for use in older, worn engines with high oil consumption where an API service classification SA/SB motor oil can be used.

APPLICATIONS:

Scot Guard Rail Oil may be recommended for light engines that call for a mineral non additive or a lighter additive motor oil, compressors, AGMA Non EP Gear Oils, circulating oils and low pressure hydraulic systems.

CAUTION: This oil is rated API SB and is not suitable for use in most gasoline powered automotive engines built after 1951, use in more modern engines may cause unsatisfactory performance or equipment harm.

AVAILABLE IN:

- Bulk
- 55 Gallon Drums
- 16 Gallon Quarter Drums

Guard Rail Oil	
Product Code	986
Viscosity cSt@40 ⁰ C	160
cST@100°C	17
Viscosity Index	75 min
Gravity, API @ 60°F	26.1
Flash Point COC, °F	450
